

AMERICANS ON THE MARCH—No matter how you figure it, there are going to be a lot of Americans around in the next two decades. The result of continuing high birth rate and lengthening life span brings both smiles and frowns to observers of the population boom. The trend means not only promise of great economic growth, but danger of social turmoil, as well. As each age group grows in numbers, so do the demands for services it makes on government, whether federal or local. The U.S. Census Bureau has just published four different projections of population up to 1980 (see Newschart above). They are based on the assumption that there will be no war, epidemic or other catastrophe. At the highest predicted rate, about 100 million persons will be added. Even should the fertility rate drop back to the World War II level, America will count over 50 million more persons by 1980. At the present (1957) growth rate some 85 million will be added in the period. Table in chart breaks this down into age-group totals by years.

Ashmore Joins Pulitzer Group

NEW YORK (AP) — Harry S. Ashmore, executive editor of the Arkansas Gazette, is one of 24 editors selected by Columbia University to pass on nominations for the 1959 Pulitzer Prize Journalism awards.

The jurors, appointed yesterday by Grayson Kirk, university president, will judge work published in the 1958 calendar year.

Both Ashmore and his paper won Pulitzer Prizes this year for work during Little Rock's 1957 school integration crisis.

Eastern Gets Planes Ready for Flights

By THE ASSOCIATED PRESS

Eastern Air Lines readied some of its planes today for limited north-south service in the wake of a 39-day strike by flight engineers. American Airlines remained shut down for the 14th day by a pilots' walkout.

The first inbound Eastern plane at Idlewild Airport—Miami—was due to arrive shortly before 1 p. m. The first outbound flight to Miami was set for 2:30 p. m.

About 30 flights were scheduled for today with hopes that full service would be restored by next week.

Some 16,000 Eastern employees prepared to go back to their jobs as the line signed a New Year's Eve peace pact with its engineers and came to an understanding Thursday night with the Air Line Pilots Assn.

Eastern engineers and machineists walked out Nov. 24, grounding the line's 188 planes. Agreement was reached later with the mechanics, but they respected picket lines maintained by the engineers.

The engineers refused to accede to a company request to take jet pilot training. In place of "regular" pilot training for the engineers, Eastern announced it will have three pilots on each of its jets. These will be in addition to the engineer.

The last stumbling block to resuming service was removed when Eastern and its pilots signed an agreement which assured the pilots their rights would not suffer from the new contract with the engineers.

The new engineers' contract provisions also provides a new wage scale for DC-8 jet airliners, including \$1,377 a month for senior flight engineers and 3 1/2 per cent to be paid into a new pension fund.

American Airlines pilots struck Dec. 19 in a demand for higher pay, shorter hours, and compensation for nonflying time away from home. Top pilots' wages at American has been \$1,002 a month.

Century Bible Class Names New Officers

Newly elected officers for the Century Bible Class to serve for the next six months are: Elmer Brown, Class President, Bill Caldwell, Vice President, Dwight Ridgill, Secretary, J. W. Frank, Treasurer, Henry Seagans, Attendance Chairman, and Harry Hawthorne, Publicity Chairman.

The Century Bible Class is probably the largest Men's Sunday School Class in the South, with a class roll of 245 members, and a regular attendance of 175 to 200 each Sunday morning. Class fellowship starts at 9:45. President Elmer Brown, invites everyone to attend the Century Bible Class any time possible, and wants to welcome every man in this area that is not a member of some Sunday School Class, to join and become a regular member of this fine Bible Class.

John L. Wilson will be the teacher for next Sunday, January 4th. John has been a regular teacher of the Century Bible Class for several years, and always brings a fine message.

Faubus Backs Wage Law, Union Reports

By THE ASSOCIATED PRESS

LITTLE ROCK (AP) — Gov. Orval E. Faubus has endorsed a state minimum wage law and increased unemployment benefits, the Union Labor Bulletin reported in today's issue.

The union weekly newspaper also reported that Faubus is in favor of an act which would establish prevailing wage scales for workers on state, county and municipal construction jobs.

Faubus stated his views in a meeting with the executive committee of the Arkansas State AFL-CIO at Little Rock Dec. 20, the paper said.

The paper said Faubus assured the union he would support:

1. An increase from \$26 weekly to about \$40 weekly in the amount of unemployment compensation, and extension of the benefit period from 18 to 27 weeks.
2. A state minimum wage law calling for a minimum of 70 cents an hour for persons who do not receive tips and 55 cents an hour for those who do. This would apply to both men and women.
3. Adoption of another "Little Davis-Bacon Act," which would establish prevailing wage scales for workers on state, county and municipal construction contracts.

A previous law, supported by Faubus and passed with little opposition in the 1955 Legislature, was declared unconstitutional because of some parts of it.

Payment of 6 per cent interest on workmen's compensation claims delayed by litigation.

The paper said Faubus expressed the belief at the meeting that any law which prohibited state, county or municipal employees from being union members would be unconstitutional.

The governor asked the AFL-CIO to name a labor representative to sit in on strategy meetings on labor legislation during the 1959 Legislature.

Mr. Polizzi will speak at both the morning and evening services and the public is invited. Special musical number will be rendered in both services.

Rayburn Leads Drive to Stamp Out Rules Revolt

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—A series of huddles centering around House Speaker Sam Rayburn (D-Tex.) was expected today to stamp out a budding revolt against the power of the House Rules Committee.

The revolt is led by a sizable group of self-styled liberals. The Rules Committee now is dominated by a coalition of Republicans and Southern Democrats.

The liberals seek to limit the committee's power to bottle up legislation. They would do this either by a change in House rules or by the addition of a liberal Democrat to the committee, now composed of eight Democrats and four Republicans.

Rayburn returned late Thursday from his Texas ranch, where he has been vacationing since Congress adjourned last summer.

He wouldn't comment on the rules proposals but there were clear signs he would oppose them. He apparently was quietly sizing up the situation and lining up his forces for a showdown at the Democratic caucus next Tuesday morning.

Leaders of the liberal gosh-chort ed privately that Rayburn already has wooed away much of the support they had counted on. Telephone calls even before Rayburn left Texas, they said, "Convinced them that the speaker was dead set against changing the rules."

Republican Leader Joseph W. Martin Jr. (Mass.) has told newsmen he has an agreement with Rayburn which would leave the Rules Committee lineup unchanged. There are two Republican vacancies and they are slated to go to Reps. Edgar Clineworth (R-Colo.) and Carroll Reece (R-Tenn.) if they want them.

If the liberals lose in Tuesday's Democratic caucus, they probably will try again Wednesday when the House convenes formally and adopts rules for the new session.

At Least 28 Die in Fires, Explosions

By THE ASSOCIATED PRESS

At least 28 persons — 12 of them children — died in fires or explosions on New Year's Eve and the start of the holiday weekend. Fires claimed 24 lives.

At Rochester, N.Y., a quiet New Year's party in an apartment ended in a fire that killed six persons, including two 5-month-old infants and a 2-year-old girl. Five of the victims died of asphyxiation.

Fire officials said the blaze may have begun in a pile of newspapers stacked on a landing of the three-story brick and frame building.

At Vincennes, Ind., a fire of undetermined origin killed a mother and three daughters, aged 13, 10 and 2.

Fire in a frame house 30 miles northwest of Seattle, Wash., burned to death three children, aged 4 to 7 years old.

In Texas, separate fires in Houston and Marshall each killed a mother and daughter, making a total of four victims.

At Cambridge, Mass., a man and woman died in a rooming house fire.

At Indian Head, Md., two workmen died in a fire.

British Commuters Stage a Revolt

LONDON (AP) — British commuters, normally a docile, uncomplaining lot, staged their first revolt Thursday night and won.

Indictor boards said the subway train was bound for suburban Dagenham East. Halfway there passengers were ordered to change trains. It had happened many times before.

Some passengers moved out obediently. Then one bowler-hatted commuter gripped his umbrella defiantly.

"No!" he cried. "It says on the front of the train Dagenham East and that's where we're going."

There was a little cheer and the revolt spread rapidly. Those who had got out got in again. Subway officials pleaded. The commuters sat tight.

Finally the conductor capitulated. The train moved off toward Dagenham East.

Said an official of the government-owned subway system: "Quite frankly we were flabbergasted."

"After all, you don't really expect passengers not to do what they're told."

Russell Backs Bill for Negro Migration

WASHINGTON (AP) — Sen. Richard B. Russell (D-Ga.) said today he will "push for all it's worth" his bill to encourage the migration of Southern Negroes to northern states, and northern whites to the South.

Sen. John J. Sparkman (D-Ala.) announced "I will gladly support it." Sen. John Stennis (D-Miss.) hailed it as a proposal "to more evenly balance the racial distribution and stabilize the economy."

Russell said he will introduce the bill after Congress convenes Wednesday. It would authorize grants and loans to help finance the voluntary migration of Negroes from the South to resettle in northern areas, and of white families from North to southern states.

None of the money, however, could be used to assist the relocation of Negroes in the South, or of whites in northern areas.

The bill's terms would require evidence that the resettlement held promise of improving the social or economic lot of the migrants. Russell has not estimated its cost, but said it would not be prohibitive and certainly not more than the cost of the foreign aid program.

The current foreign aid program has a price tag in excess of four billion dollars.

Russell's bill would set up an agency known as the voluntary racial relocation commission to run the program. The bill's objective, Russell said, is "a more balanced racial distribution" in the United States. He said he will argue that it would tend to ease racial tensions in the South.

Sparkman and Stennis said they thought so, too.

All three senators said they wanted to emphasize that under the bill's terms no one could be forced to migrate unwillingly.

Sparkman said he recalls that "at the height of the New Deal" house subcommittee studied the problem of moving persons for their economic improvement, although nothing came of it.

A bill introduced by Sen. William Langer (R-N.D.) in 1957 sought to provide federal aid for Americans desiring to migrate to Liberia. Organizations of Negroes of Liberian descent endorsed the Langer bill. It died in 1957 Senate Judiciary Committee.

Weather Gets Blame for Big Traffic Toll

By THE ASSOCIATED PRESS

Traffic deaths across the country over the four-day New Year's holiday were occurring today at a rate which could exceed the record for a similar New Year's week end.

More than 40 hours after the start of the 102-hour holiday period, the death rate from highway accidents was slightly more than four an hour. If the pace continues throughout the period, the record of 409 deaths set in the four-day New Year's week end of 1956-57 would be topped.

The National Safety Council has estimated the New Year traffic toll this year will reach 300.

The council said the shock of the 594 deaths recorded during the four-day Christmas holiday a week ago apparently was not having much effect on drivers this weekend.

Traffic deaths last year, estimated at 37,000 by the council, averaged about 101 a day. But the slaughter on the highways since the start of the New Year holiday count at 6 p. m. local time Wednesday topped the daily traffic toll in 1958. The count continues until midnight Sunday.

"The weather is bad and the toll is bad," the council said. "The toll is proceeding at an alarming rate. We appeal to every driver to realize that he must hold his speed down and he doubly careful."

Snow, sleet and rain in many sections of the country added to the normal heavy holiday travel Thursday and deaths took a sharp upturn after a comparatively safe start. Trencherous driving conditions were reported in many areas, especially in the Midwest and East. Local blizzard conditions added to the traffic hazards in the high plains and upper Mississippi Valley.

A council spokesman said if the rate of deaths reported Thursday continued, traffic fatalities for the holiday period would exceed 400.

In the one-day New Year's celebration last year, 189 persons lost their lives in traffic accidents. That was the highest total on record for a one-day observance of the New Year holiday.

The Associated Press, for comparative purposes, made a survey during a non-holiday period and counted 341 traffic deaths, 108 killed in fires and 105 fatally injured in miscellaneous accidents.

The period covered 102 hours from 6 p. m. Wednesday Dec. 10 to midnight Dec. 14, the same length as the extended holiday weekend.

In one of the worst New Year's Day accidents, five members of a La Porte, Ind., family were killed in the crash of a single engine plane in a farm field near Pontiac, Ill. They were en route home from a vacation in California.

McGehee Store Is Damaged by Fire

McGHEE, Ark. (AP) — The J. B. Baker Furniture and Hardware Store, a three-story brick building in downtown McGhee, was heavily damaged yesterday by fire which gutted the top floor.

No monetary estimate of damage was made.

Fire Chief Harry Cross said the contents of the store were damaged considerably by water and smoke but the top floor appeared to be the worst section.

Cross said the blaze broke out in an elevator shaft and spread through the upper floor. He said the cause of the fire had not been determined.

The flames were brought under control in about three hours by the McGhee department with help from units from nearby Decatur, Cross said.

The year's first baby was born at 9:27 p. m. January 1 at Hempstead Memorial Hospital. . . a seven pound, one ounce boy. . . the proud parents are Mr. and Mrs. Wilson Glen Yates.

Four Persons Die in State Accidents

By THE ASSOCIATED PRESS

Four persons were killed in traffic accidents in Arkansas on New Year's Day.

One accident occurred at Fort Smith, one at Benton and one at West Memphis.

The victims:

William Lee Rhea, 17, of Benton.

Mrs. Richard Lee, 20, of Memphis.

Donnie Johnson, 22, of Fort Smith.

Jimmie Lee Walton, 21, of Fort Smith.

Rhea was fatally injured when a car in which he was a passenger careened off U.S. Highway 70 one mile east of Benton and smashed into a tree.

State Trooper Robert Gunn said Freddie Rowland, 19, the driver, and DeWayne DeMay, 14, were not injured seriously. Both are Benton residents.

Rhea, who died at a Little Rock hospital several hours after the accident.

Mrs. Lee was killed when a car in which she was a passenger, plowed into the rear of a truck on U.S. Highway 70 two miles west of West Memphis. The three other persons in the car were injured.

The truck, driven by Elliott Griffin of West Memphis, was en route from Texarkana to West Memphis with a load of explosive rocket propellant. The fuel did not blow up.

State Police identified the injured as Mrs. Lee's husband, 24, and Mr. and Mrs. Thomas Franklin Goff of Memphis.

Johnson and Walton were killed when their car jumped a curb and hit a tree in a Fort Smith residential area. Police said they did not know which one was driving.

Technician Killed by Radiation

LOS ALAMOS N.M. (AP) — A medical expert says a technician killed by radiation in a Los Alamos atomic laboratory died from damage to his central nervous system.

He also says it may have been the first death of that type outside of war.

Dr. Thomas Shipman, head of the health division of the Los Alamos Scientific Laboratory, says it was more than damage to the bone marrow blood forming system that caused the death.

Cecil W. Keller, 36, who had worked in the atomic laboratory about 11 years, died Thursday, 30 hours after the accident.

He was preparing a process to extract plutonium and said all he recalled was a flash as he started a stir operation in a tank.

Shipman said he believes that "outside of warfare, this may be the first death" of this type.

"I think it is, other than the bomb casualties in Japan," he said. "These were the deaths caused by the atomic bombing of Nagasaki and Hiroshima, which ended World War II."

MARKET UPS AND DOWNS OF '58—The stock market rose almost steadily during 1958 to an all-time record high in the most active trading since 1930 as it accurately anticipated a swift recovery from the business recession. Inflation fears moved many to buy stocks and sell bonds. Institutions and big investors bought heavily in what became almost a cash market. Margins rose to 90 per cent, which meant a margin buyer of \$100 of stocks had to put up \$90 and could borrow

only \$10. After American Telephone & Telegraph Company, in an unprecedented move, voted to split its stock three-for-one, Wall Street anticipated a series of split-ups in the new year among the higher priced shares, a move that will bring prices of stocks down to levels where more shareholders are expected to do some more buying next year. Experts say the market still is strong but they warn it may not perform as spectacularly in 1959 as it did in 1958.

Hamby-Stell Vows Pledged

Miss Ruth Janet Stell, daughter of Mr. and Mrs. James Franklin Stell of Amite, La. and Wells Byham Jr., son of Mr. and Mrs. Wells Byers Hamby of Prescott, were married in the First Baptist Church in Fordyce on Sunday afternoon, Dec. 21. The Rev. J. L. Harris, pastor of the First Baptist Church of Camden, performed the double-ring ceremony before an archway of greenery decorated with pastel pink chrysanthemums and two large pink and silver wedding bells in the center overhead. Arrangements of silvered magnolia leaves, baskets of pink chrysanthemums, interspersed with candelabra holding burning tapers, were in the background.

Mrs. Taylor Lewis, organist, played a program of traditional wedding music and accompanied Mrs. William Crawley of Arkadelphia, who sang "Because," "The Lord's Prayer," and "Whither Thou Goest." Candelighters were Ann Brandon, who wore a pink taffeta frock and a wristlet corsage of pink carnations, and Jimmy Gresham.

The bride, given in marriage by her father, wore a sheath gown of white slipper satin with an inset neckline of Chantilly lace and long sleeves ending inilly points

over the wrists. A back panel of Chantilly lace, held at the waistline by a narrow satin bow, widened at the hemline and ended in a chapel train. She wore a finger tip veil of illusion attached to a tiara of seeded pearls. Her only ornament was a pendant pearl necklace, a gift of the groom. She carried a cascade bouquet of white rosebuds on a white prayer book.

Miss Nova Gresham was maid of honor and Mrs. Marvin Frasier and Miss Mary Robinson were bridesmaids. They wore identical, street length frocks of pastel pink peau de sole with lace back panels, matching half-hats and small pink muffs decorated with pink carnations and pink carnation wristlet corsages.

J. W. Skinner of El Dorado served as best man and ushers were Tom Berry of El Dorado, Frank Maley of Crossett and Curtis McKinley of McGhee.

The bride's mother wore a champagne brown wool crepe dress with beige accessories, and a corsage of pink carnations. The groom's mother wore a mauve tissue faille, and a corsage of orchid chrysanthemums.

A reception was held immediately following the ceremony in the church parlors. The serving table, covered with a pink cloth was cen-

Now Is Time to Break the Resolutions

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—This is the day we start breaking New Year's resolutions.

Let's look at some that have been made by business and government officials — ones that affect our pocketbooks.

President Eisenhower has resolved to stand firm for a balanced federal budget in the "fiscally year coming up. If he can make this resolution stick, there will be no new inflationary pressure from another Treasury deficit — and no need for a general tax increase.

Various congressional leaders have promised to keep the spending urge in bounds so that tax collections will have a chance to keep Uncle Sam out of the red — or at least not to far in it. If this resolution survives the upcoming session of Congress, taxpayers will have at least a breather if not relief.

The Federal Reserve Board has resolved to see that the business recovery will be backed by enough money and credit to keep it rolling along at a sensible pace — but not enough to stimulate speculation and thus threaten a boom and bust.

Various lending institutions are promising there will be enough money for mortgages — unless a new inflation makes building costs too high or a return to a tight money policy makes funds scarce.

A number of corporations have resolved to put out large sums this year on new plants or equipment. If this adds up, as now expected, to a slight increase in business spending over 1958 the

Castro called a general strike across Cuba until Urrutia was installed. The strike seemed 100 per cent effective, thus removing any question of remnants from the Batista regime trying to run the country.

Castro was still in Santiago, the capital of easternmost Oriente province and birthplace of his battle against Batista. Celebrations of his victory continued there all night.

Until Urrutia takes over in Havana, Castro's announcements from Santiago provided the only framework of government. Men he designated were giving orders to Cuba's armed forces and police.

Castro supporters held Havana under tight control virtually martial law today after victory celebrations Thursday led to violence.

Castro, a lawyer who has been a rebel for more than a third of his 32 years, outlined his platform in 1955.

It included nationalization of U. S. financed and operated utilities, splitting up American-owned sugar estates among the peasants, confiscation of all properties acquired through corrupt government and breaking the hold of some big businessmen on Cuba's economy.

The bearded guerrilla warrior has denied Batista's charges that he is a Communist or is Communist-influenced. Castro says his goal is to end corruption, establish democracy and help the small

business recovery will have attained an important ally.

Some industries are promising to hold the line on prices and many think the price line generally will be held pretty stable. This resolution is threatened from many angles — monetary inflation, or rising labor and distribution costs. And the National Assn. of Credit Management flatly predicts that the government's wholesale price index for all commodities will rise to a record high by midyear.

But before you get too cheered up by all the goodies being promised as the year starts, remember this: The federal government is taking a bigger slice out of your paycheck now. It's withholding more for social security tax payments. If you make \$4,800 or more a year, Uncle Sam will keep \$120 of it this year, compared with \$40 in 1958.

You'll have less with which to pay those Christmas bills.

Negroes March in Virginia in Protest

Continued From Page One

RICHMOND, Va. (AP)—Nearly 1,000 rain-pelted Negro marchers, singing hymns and stressing passive resistance to massive resistance, called yesterday for "a change of policy by the state of Virginia" on the racial integration question.

The orderly demonstration labeled by its leaders a "pilgrimage of praying for public schools," began with a prayer meeting attended by an estimated 1,800 persons—about two dozen of them white—at the Mosque Auditorium.

More than half the gathering then walked 17 blocks through a drizzling rain to the steps of the state capitol where they shouted their approval of a resolution calling for a change of policy by the state.

One of the pilgrimage leaders, the Rev. Wyatt Tee Walker of Petersburg, said a purpose of the

man among the 6,410,000 people of this Pennsylvania-sized island, Castro and Urrutia were expected to make a triumphal entry into Havana.

demonstration was to show Negroes are as much concerned over the shutdown of white public schools as they are over the continued segregation of Negroes.

Virginia's massive resistance program calls for the closing of any white school in which Negro children are enrolled. Nine schools attended by 13,000 pupils in Norfolk, Charlottesville and Warren County were shut down in September after federal courts ordered them desegregated.

There wasn't a dissenting voice in the rainy gloom as marchers chorused their approval of the resolution, which also urged the creation of a biracial commission that would seek a solution to the school crisis and establish a program and a timetable for school desegregation.

Gov. J. Lindsay Almond Jr. had been invited to be present to receive the marchers. He replied he would not be in his office on the holiday. In his absence, neither he nor his aides could be reached to say where he was — demonstration leaders said they would mail him the text of the resolution.

There was no threat of a disturbance as the marchers, singing most of the way, walked to the capitol through virtually deserted streets. Police lined the route of the march, but they didn't appear to be needed.

After a hymn and the reading

Batista Tells Why Army Lost to the Rebels

CIUDAD TRUJILLO, Dominican Republic (AP)—Fulgencio Batista figures his army fought a lost cause in Cuba partly because it had an insufficient edge in manpower over Fidel Castro's rebels.

"The dictator who fled into exile here Thursday told newsmen it has been calculated that an army would need 100 men for each guerrilla it fought."

"That was the case of Tito in Yugoslavia and the Chinese Communists," Batista said, referring to Tito's World War II campaign against the Germans and Mao Tse-tung's drive against Chiang Kai-shek's Nationalists.

Batista's 37,000-strong army of forces were estimated to outnumber Castro's men perhaps 6-1 even in the last stages of the bloody warfare that finally caused Batista to flee.

He gave left-handed praise to Castro's bushwhacking tactics, saying the rebel chieftain got the jump on the government by restricting his activities at first to guerrilla warfare against rural soldiers not trained for that type of fighting.

He also credited Castro with superior armament, though Batista's forces had tanks and warplanes the rebels lacked. He said the rebels received a continuous flow of weapons while government troops could not be supplied.

The deposed President contended that Castro had dominated the real populations by terror.

"Before this revolt, Castro's life was in my hands three times and three times I pardoned him," Batista said. "I did the same for other revolutionaries."

Asked about the future prospects of Cuban politics he said, "I am not a prophet. I see much confusion."

With Batista are his second wife and three of his eight children. The other children are refugees in the United States.

and shouted passage of the resolution, the crowd listened to a prayer and dispersed. Many of its members had come from many sections of the state in 12 to 15 chartered buses.

Says Agencies Must Tighten Their Belts

LITTLE ROCK (AP) — State agencies which depend on general fund income for their revenue will have to tighten their belts for the next few months.

Julian C. Hogan, state budget director, said yesterday income isn't totalling what was anticipated and the agencies will have to cut their spending by almost four million dollars for the remainder of the fiscal year.

He said the current estimate of state general fund income for fiscal 1958-59 is \$80,431,700. The agencies had planned to spend on the basis of an income of \$84,200,000.

Hogan said normal spending could resume if spring revenue, based largely on the sales tax and state income tax, picks up.

The state comptroller's office ordered the following percentage cutbacks in spending:

Public school fund, 4.75; Dead and Blind fund, 2.00; University of Arkansas, 7.22; State Teachers College, 4.84; Henderson College, 3.80; Arkansas State, 4.64; Arkansas State Beebe Branch, 2.00; Arkansas Tech, 4.70; Southern State, 4.00; Arkansas A&M, 4.90; Public Welfare fund, 4.02.

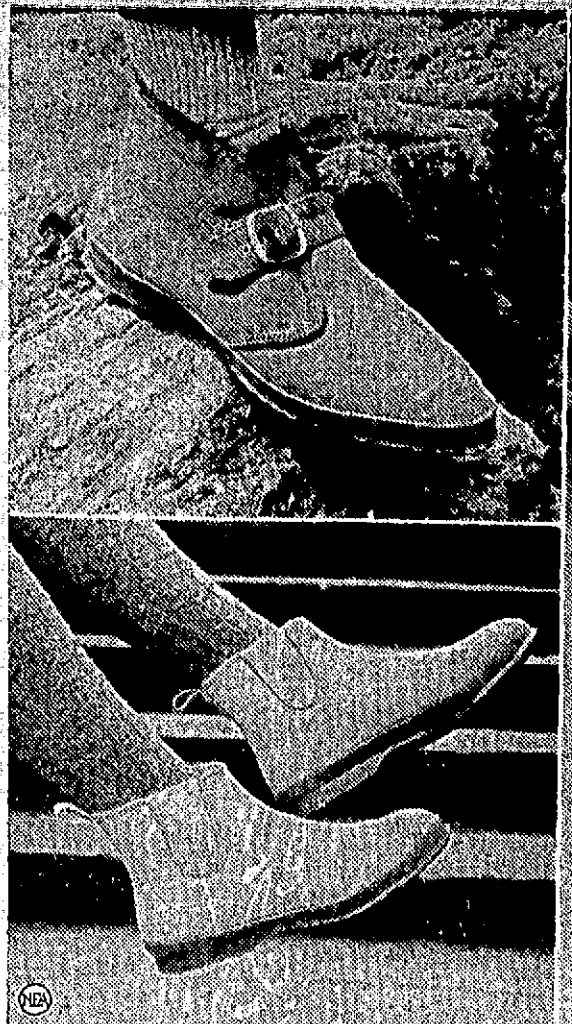

State Hospital, 4.75; Booneville Tuberculosis Sanatorium, 2.55; McRAE Tuberculosis Sanatorium, 2.56; Children's Colony, 4.35; Public Health, 2; Development and Promotional fund, 6.15; and General Revenue (constitutional officers fund), 2.96.

No cutback was ordered in funds of the Medical Center or Arkansas AM&N College.

DOROTHY DIX

Widow's Best Seller:
Unabridged Checkbook

Dear Dorothy Dix:

When my only daughter married, I put practically all the money my husband had left me into her new home, plus furniture and furnishings. Now that they've gotten everything from me, they don't want me. My daughter hits me, my son-in-law curses me. I want to leave, get a room and a job, but I need some money to get back on my feet. I've asked for it but they won't give me any. I could take the furniture out of the house and sell it but, if I do, they will have nothing left. I guess I've been too good to them. I hope this will be a lesson to other mothers who are alone and teach them to keep what they have. —Rosalie

Dear Rosalie: You are still too soft for your own good. Take the furniture out of the house. They'll soon get new stuff. It's always a mistake for a widowed mother to turn over all money and possessions to a child. The best friend in old age is your checkbook. Use it while you're here and let the kids get what's left. In some cases yours for instance, even this is too much. Since you'll never be happy under present conditions, get out on your own — the sooner, the better.

Dear Dorothy Dix:
My 15-year-old daughter is an only child, pretty and intelligent, but when it comes to boys she's mush. As soon as she knows a boy likes her, she becomes too serious about him. Right now she's going with a nice lad who comes over twice a week. If he doesn't come, she calls him — Mrs. W. M.

Dear W. M.: Your daughter seems to be making a habit of concentrating all her social life in the person. Help her expand it by encouraging group dating at your house. Keep a supply of the latest records on hand, soft drinks, in the refrigerator and potato chips in the pantry. These are irresistible attractions to young people. Warn your daughter that calling a boy comes under the head of "chasing," a thing that will drive most boys away. Tell her to lay off the eager beaver tactics and to accept casual friendships. They are much more rewarding at this age.

Dear Dorothy Dix:
The boy upstairs is a dream. I'm 13, he's 18 and he says he's too old for me. How can I win him? — Cindy

Dear Cindy: He's absolutely right, you know. The only thing you can do is get older — and I promise that you will.

Dear Dorothy Dix:
Help. I'm at the end of my rope and can't take it any more. I'm 14, intelligent, level-headed and very mature for my age. Ever since I was born dad has talked baby talk to me. I can't begin to tell you how much I despise it. When he comes in from work he invariably says, "Well, how's my

baby girl?" He embarrasses me beyond words and my friends are noticeably shocked at the way he talks. I've begged and pleaded with him to stop, mother has talked to him but nothing helps. —Desperate Doll

—Dear Doll: Dad seems to be incurable, so I guess you'll just have to accept him. Dads are wonderful creatures, so surely you can overlook one fault.

Send your problem to Dorothy Dix. Be sure to enclose a stamped self addressed envelope and address her in care of Hope Star.

Guatemala and Mexico Have Troubles

GUATEMALA (AP) — A diplomatic break between Guatemala and neighboring Mexico loomed today because Guatemalan planes shot up three boats charged with fishing illegally in territorial waters.

Mexico said two of the boats were hers. The owner of one was killed and a sailor and a cook were wounded while shrimping legally in Mexican waters, reports from Mexico City contended.

A Mexican senator said diplomatic relations probably would be broken if Guatemala didn't apologize.

The press office of Guatemalan President Miguel Ydigoras Fuentes announced the machine-gunning attack by air force planes Wednesday without specifying the boats' nationalities.

The announcement said two of the boats followed signals from the planes and ran aground at Tilapa, more than 100 miles down the Pacific coast from the Mexican border. Authorities later disclosed that five wounded crewmen had been interned in the military hospital in this capital, 60 miles inland from Tilapa.

The authorities refused to identify the five but said two were in serious condition.

The third boat was reported sailing in difficulty for Champetico, about 30 miles inside Guatemala. There was no indication of its nationality.

Gen. Ydigoras Fuentes had said Monday that U.S. and Mexican boats were fishing illegally in the nation's Pacific waters. These "bandits and pirates" would be fired upon beginning Wednesday, the president warned. The Mexican government said such attacks would violate international law.

Ward's Plan Not Much, Faubus Says

LITTLE ROCK (AP) — Gov. Orval E. Faubus says he still doesn't think much of Judge Lee Ward's plan to amend the United States Constitution to allow local option integration.

"We don't need to amend the Constitution," Faubus said yesterday. "We ought to obey it as it is."

The governor's comment came after Ward had revealed plans to appear before a congressional committee to present his proposed amendment.

Ward, a Paragould chancery judge, asked and received promises of help from Sen. John L. McClellan and Rep. E. C. Gathings, members of the Arkansas congressional delegation. In getting an appointment with a committee, Faubus scoffed at the proposed constitutional amendment when Ward first presented it in December, 1957, and later defeated Ward in the gubernatorial campaign.

Faubus contends the Constitution doesn't provide for racial integration.

McCarthy Is a Strange Name for Jap Girl

HOLLYWOOD (AP) — Nabu McCarthy is a fetching Japanese actress with an Irish name.

Nabu is Jerry Lewis' love interest in "Gelish Bay," a part she almost didn't get because she looked too Japanese on her first audition.

She showed up wearing a Japanese kimono, the costume that she wears in the picture. Lewis and director Frank Tashlin turned her down.

"I can see why," says Nabu. "Because I never wore kimonos much until I came to America. We only wore them on New Year's in Tokyo. They are much more popular here."

Two weeks later, Nabu showed up at Lewis' office in sleek American clothes. He and Tashlin took one look and signed her.

She is married to David McCarthy, an American GI whom she met when she was one of Tokyo's top fashion models.

Nabu is full of paradoxes. Although reared in Japan, she was born in Ottawa, Canada, and her parents and four brothers now live in Sao Paulo, Brazil.

Another paradox: Recently, Ward Bond, the wag-

ed by the Little Rock Private School Corp., Little Rock Baptist High School operated by Our Lady of the Lake Academy, the Conway academy operated by Convent Baptist College, and the Trinity Episcopal Academy operated by the Trinity Parish.

McCluskey said the survey is expected to be completed within a few days. He said the accreditation is required before students can be promoted or graduated and made eligible for college work.

Polish Sailor Gets to Stay in West

EVANSBOND, Denmark (AP) — A Polish sailor got kind of stuck in the West. His ship sailed without him Tuesday night, but the sailor paid for his freedom with an appendix he didn't need to have removed.

The 22-year-old seaman complained to the captain of the Polish ship that his stomach ached. He was allowed ashore to see a doctor.

Crying loudly, he went to the office of a shipping company which called an ambulance. At the hospital, the doctors rushed him to the operating table and removed his appendix without a diagnosis.

Consistent again after the operation, the sailor admitted he had faked illness to get away from the ship.

onmaster of NBC-TV's "Wagon Train" tossed a Japanese party in honor of Sensei Hayakawa's debut on "The Show." Nabu was invited, with other Japanese actresses, to lend atmosphere.

A CBS official spotted her. He told her to call on him the next day. She did and got herself signed for a new private eye TV series.

"I don't know how a CBS man got into an NBC party," says Nabu. "But my husband says, 'Don't ask questions. Just show up for the audition.'"

She's only been here two years but has become thoroughly Americanized. She thinks women get a better break here than in Japan, although the status of women has improved greatly since the war.

"In Japan," says Nabu, "the woman must always walk behind the man. The first thing I noticed here, especially in the department stores, was the man walking behind the woman."

LSU, Iowa Post Wins; Air Force, TCU Play to Tie

By JACK CLARY
Associated Press Sports Writer

Louisiana State the national football champion probably will get a strong argument over the honor from second place rating today in the wake of the Sugar and Rose Bowl games.

Both teams were heavily favored — LSU by 15 points over Clemson in the Sugar Bowl and Iowa by 18 over California, in the Rose Bowl. Only Iowa proved the oddsmakers correct.

The Hawkeyes scored in every period to overwhelm California, the Pacific Coast Conference king, 38-12. LSU had to call on Coach Paul Dietzel to call the play that defeated Clemson 7-0.

Oklahoma did as expected and defeated dogged Syracuse 21-6 in the Orange Bowl. Air Force pulled a mild upset in playing Southwest Conference champion Texas Christian to a 10-6 tie in a battle of fumbles and mistakes in the Cotton Bowl. Prairie View A&M walloped Langston 34-8 in the Prairie View Bowl.

Iowa was runnerup to the Bayou Bengals in the final Associated Press poll that settled the national championship. But the Big Ten champs were not expected to have as easy a time as they did against an outweighted, outmaneuvered Cal team.

On the other hand, LSU, with its White, Go and Chinese Bandits—three-team varsity specialists, was expected to have some trouble from a hefty Clemson line, but by sheer weight of numbers, were supposed to have things their way in the end.

The Clemson line didn't weaken. A broken right hand by LSU quarterback Warren Rabb on the third play of the game put him out for the second half. These two factors weighed heavily in forcing Dietzel to revamp his offensive plans and hope.

The wisp of hope came in the third period when Clemson center Paul Snyder got a firmer grip on some turf then on the ball on a snap-back to punter Bill Mathis. The ball sailed wildly and bounced off the knee of blocker Doug Cline.

Senior Bowl on Saturday to End Grid Play

MOBILE, Ala. (AP) — A proven scoring combination helped establish the South as a touchdown favorite in Saturday's Senior Bowl football game.

In giving Coach Paul Brown's squad the edge, the oddsmakers remembered last weekend's North-South Shrine Bowl game at Miami when Buddy Humphrey of Baylor threw three scoring passes to Mississippi State's Billy Stacy.

Humphrey also tossed two other touchdown aeriels in the South's 49-20 victory in that game. He was the nation's top collegiate passer this season with 1,316 yards on 112 completions in 195 attempts.

Humphrey and Stacy will be in Brown's offensive backfield Saturday and it'll be a big surprise if they don't try to make plenty of yardage through the air.

The other South backs are Georgia's 200-pound fullback plunger, Theron Sapp, and another husky runner, 195-pound Don Brown of Houston.

Joe Kuharich's North squad is not lacking in passers of runners either.

He plans to start Boston College's Don Allard at quarterback. Allard, first round draft choice of the Washington Redskins, threw to seven touchdowns during the season. He passed for 691 yards.

To spell him is the No. 1 quarterback of 1957 Lee Grosscup of Utah. Grosscup first draft choice of the New York Giants, led the nation in passing yardage a year ago with 1,398.

Other backs in the North of the final quarter got Syracuse, which won the battle of statistics, its TD.

There were 13 fumbles by Texas Christian and Air Force, each team losing three. TCU pushed deep into Air Force territory twice in the final minutes, but fumbles lost both opportunities. Air Force had two similar chances in the first half, and one in the second but couldn't cash in.

The Air Force's George Pupich missed three field goal tries and TCU's Jack Spikes two. Spikes was the game's leading back with 108 yards on 17 carries.

Prairie View scored four second half touchdowns to overcome an 8-6 halftime deficit. Halfback Archie Seals and fullback Jimmy Tolson paced the winners, the national Negro collegiate champs.

The four major games were on national television and a total line audience of 331,082 sat in on 1959's first taste of college football. The largest turnout was 98,297 at the Sugar, 75,504 at the Cotton and 75,281 at the Orange.

Senior Bowl on Saturday to End Grid Play

MOBILE, Ala. (AP) — A proven scoring combination helped establish the South as a touchdown favorite in Saturday's Senior Bowl football game.

In giving Coach Paul Brown's squad the edge, the oddsmakers remembered last weekend's North-South Shrine Bowl game at Miami when Buddy Humphrey of Baylor threw three scoring passes to Mississippi State's Billy Stacy.

Humphrey also tossed two other touchdown aeriels in the South's 49-20 victory in that game. He was the nation's top collegiate passer this season with 1,316 yards on 112 completions in 195 attempts.

Humphrey and Stacy will be in Brown's offensive backfield Saturday and it'll be a big surprise if they don't try to make plenty of yardage through the air.

The other South backs are Georgia's 200-pound fullback plunger, Theron Sapp, and another husky runner, 195-pound Don Brown of Houston.

Joe Kuharich's North squad is not lacking in passers of runners either.

He plans to start Boston College's Don Allard at quarterback. Allard, first round draft choice of the Washington Redskins, threw to seven touchdowns during the season. He passed for 691 yards.

To spell him is the No. 1 quarterback of 1957 Lee Grosscup of Utah. Grosscup first draft choice of the New York Giants, led the nation in passing yardage a year ago with 1,398.

Other backs in the North of the final quarter got Syracuse, which won the battle of statistics, its TD.

There were 13 fumbles by Texas Christian and Air Force, each team losing three. TCU pushed deep into Air Force territory twice in the final minutes, but fumbles lost both opportunities. Air Force had two similar chances in the first half, and one in the second but couldn't cash in.

The Air Force's George Pupich missed three field goal tries and TCU's Jack Spikes two. Spikes was the game's leading back with 108 yards on 17 carries.

Prairie View scored four second half touchdowns to overcome an 8-6 halftime deficit. Halfback Archie Seals and fullback Jimmy Tolson paced the winners, the national Negro collegiate champs.

MASTER COPY—Although it looks as if he's about to swab the deck with a king-size mop, master calligrapher Tom Oabayashi is really doing some mammoth writing in Tokyo. He's wielding a huge 120-pound (with ink) writing brush to fashion the Chinese character for "celebrations" on a 17,320-square-foot sheet of paper on the grounds of an elementary school. Oabayashi plans to present the giant calligraphy to Crown Prince Akihito as congratulations on the prince's marriage engagement.

College Powers Set Sights on Conference

By MURRAY ROSE
Associated Press Sports Writer

College basketball powers set their sights today on conference warfare following the greatest outburst of Christmas week tournament activity in the history of the game.

The hectic week of tournament jousting involved most of the leading top ten teams and rang up many dollars in the cash registers. It also served to point up again the talent riches of the Atlantic Coast Conference, especially of North Carolina State, Dixie Classic champions, and North Carolina.

Most of the major tournament and non-tournament holiday action ended Wednesday to permit the short-pants set to celebrate the New Year in civvies.

But there was some firing on the courts Thursday, including a couple of tournaments in the East. Bowdoin, beaten in its first eight starts, surprised Rutgers 67-60 in the first round of the Downeast Classic, at Bangor, Maine. Bob Gorra's basket in the last two seconds put Bowdoin against Colby in the semifinals tonight. Colby beat Tufts, 64-55. The other semifinal matches St. Michael's, Vt. and Wesleyan.

Williams and Massachusetts moved into tonight's semifinals of the Springfield, Mass. College Invitational tournament. Williams avenged its only defeat of the season by trouncing Harvard 89-67, and Massachusetts downed winless American International, 56-51. Springfield and Amherst, first round winners Wednesday, play in the other semifinal.

In non-tourney intersectional contests, Butler came from behind a nine point deficit in the first half to nose out Navy, 59-58 at Indianapolis, and Ohio State raced away from crippled Brigham Young in the last 10 minutes, for a 100-81 victory at Columbus, O., despite sophomore Bob Skousen's 39 point spree for the losing Cougars.

M. C. State's victory in its own Dixie Classic—which had four of the nation's top ten teams in the field—was most impressive.

The Wolfpack, on the prowl for the national title, whipped seventh-ranked, previously under-

fensive backfield will be Joe Morrison, Cincinnati; Alan Miller, a Boston College teammate of Allard and Norm Odyne, Notre Dame.

About 38,000 are expected for the game, which will be nationally televised by NBC with a black-out within a 100-mile radius of Mobile.

Kickoff is at 2 p.m. (CST).

Sportsmanship Award to Arkansas, TCU

DALLAS, Tex. (AP) — The Southwest Conference Sportsmanship Award is shared this year by Arkansas and Texas Christian.

The award was presented yesterday in pre-game ceremonies of the Cotton Bowl by Pete Huff of Rice, president of a committee which annually selects the winner. Charles Roth, president of the Arkansas student body, and Paul Youngdale, student president of Texas Christian, accepted the award.

The committee was made up of four representatives — the student body president, student editor, cheer leader and an athlete — from each school.

Legislative Council to End Business

LITTLE ROCK (AP) — The Arkansas Legislative Council will wind up its business Monday in preparation for the opening of the General Assembly session Jan. 12. The council agenda includes a summary report on the budgets considered by the council several weeks ago.

feated Michigan State, 70-61, in the championship contest. To get that far, the fifth-ranked Wolfpack edged Louisville in overtime, 67-61, then toppled Cincinnati's second-ranked Bearcats from the unbeaten ranks, 69-60.

Fourth-ranked North Carolina, which had been beaten by Michigan State, 75-58 in the semifinals, bounced back to nip Cincinnati for third place, 90-88.

To make it all the more delectable for ACC fans, Duke beat Louisville for fifth place, 57-54, and Wake Forest walloped Yale 83-76 for seventh.

Undefeated St. Francis of Loreto, Pa., and Louisiana Tech, capped the other major tournaments decided Wednesday night. St. Francis surged back after blowing a 20-point lead with 16 minutes left to conquer Fordham, 74-71 for the Carrousel title at Charlotte, N. C.

Louisiana Tech subdued Virginia Tech, 71-66, in the overtime finale of the Gulf South Classic at Shreveport, La.

In major games outside of the tournaments on New Year's Eve, Northwestern's sixth-ranked Wildcats equaled its fieldhouse record in trouncing Notre Dame 102-67 and St. Louis ranked 16th, drubbed San Francisco 60-42, was taxed.

Robinson Gives Credit to Teamwork

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP) — Everybody knows that Westerns are the most popular fare on television. But why?

Let's look at "Tales of Wells Fargo," consistently one of the better horse operas.

Dale Robertson, the Oklahoman who stars, lays it all to teamwork. Practically all the present crew has been with the series since it started three years ago.

Producer is Nat Holt, an old timer at making action pictures. Director is Earl Bellamy, long associated with Holt in moviemaking and now on his 69th "Wells Fargo" segment. Chief writer is Frank Gruber, among the most prolific of Western writers.

Everyone is compatible. Some heads were wooded too early. Each show is filmed in two and a half days — two a week. That leaves no time for temperamental.

Featured actors are TV and movie pros. Robertson, who owns 51 per cent of the series, don't hire the new crop of Actor's Studio talent.

"Sweet shirtd idiots," he calls them. Both Bellamy and Robertson are against memorizing scripts and long rehearsals.

"I don't want anyone on the show listening for cue lines," says Robertson. "The viewers sense the untruthfulness immediately."

Intimality is encouraged. Robertson keeps things informal. He never takes himself or his acting seriously.

But this year he will gross more than one million dollars from the series — and that's serious money.

U. S. Will Not Send Troops Into Cuba

WASHINGTON (AP) — A State Department official told inquiring senators today that the administration does not contemplate sending U.S. troops into Cuba or intervening in support of either side in struggle there.

Sen. Wayne Morse (D-Ore) had raised questions as to administration intentions, saying there was "a newcast out of Havana night before last to the effect that Batista officials were expecting American intervention."

Cuban revolutionaries are seeking to oust Fulgenzio Batista, president of Cuba.

Morse, as chairman of the Senate Foreign Affairs subcommittee on Latin America, asked a report from Roy R. Rubottom, assistant secretary of state.

After Rubottom spent more than two hours in a closed session with the subcommittee, Morse told reporters the State Department official made clear no such intervention is planned or contemplated by the American government.

Some 200 Changes in Excise Taxes

WASHINGTON (AP) — In 1959, about 200 changes in federal excise taxes go into effect. The government figures to lose 42 million dollars a year in revenue as a result.

The average American won't notice much difference since 42 million is a fraction of the \$12 billion dollars which Uncle Sam expects to collect this year in excises, or sales taxes as they are sometimes called.

Here is a summary of some of the more important revisions: Admissions taxes — the first \$1 charged for admission to theaters, ball parks, lectures, etc., will be tax exempt. The 10 per cent admissions tax will apply only to any amount above \$1. Formerly tickets costing 90 cents or less were tax exempt, but the full price of more expensive tickets was taxed.

Continued Probe of Agencies Sought

WASHINGTON (AP) — House investigators called today for a continuing and broadened probe of federal agencies by the new Congress.

This was a major recommendation agreed on unanimously by the subcommittee whose investigation of Sherman Adams' inquiries on behalf of gift-giving millionaire Bernard Goldfine led to Adams' resignation as chief assistant to President Eisenhower.

Chairman Owen Harris (D-Ark) told newsmen the Legislative committee did not propose that the subcommittee be revived in its present form.

He refused further comment on this point, saying only that the inquiries would be a responsibility of the House Commerce Committee — of which the subcommittee is a temporary branch — and presumably would have to be conducted by some subcommittee.

William Patterson, a Kentucky and a Methodist minister, who moved to Little Prairie north of Helena in 1800, is believed to have been one of the first Protestant preachers to settle in Arkansas.
